VOL. III.

A Family Paper

BEREA, MADISON COUNTY, KENTUCKY, THURSDAY APRIL 17, 1902.

Fifty cents a year.

NO. 43

IDEAS.

"In the morning sow thy seed; in the evening withhold not thy hand."

"It's cheaper to buy vegetables than to raise 'em." That's a zephyr.

A well managed garden 50 feet square is worth \$100 a year to any family.

Onion sets are becoming more costly. The sprouts help to fill the measure. See?

Now wire is so cheap there is no excuse for you if the chickens and pigs devour your garden truck.

Turnip greens sold Saturday at 20 cents a peck, and you can raise them at home for a nickel a bushel. Sow spring turnips and white mustard if you want nice salad.

TAKE NOTICE.

The mid-week services of the Church of Berea are held Thursday night at 7.30 in Room 4, Lincoln Hall.

Rev. W. A. Eisenhart, of the Northern Presbyterian Church, Richmond, will preach at the Tabernacle Sunday morning, and will conduct the chapel exercises at night.

FROM THE WIDE WORLD.

France is in the throes of a political campaign.

The close of the war in South Africa seems to be at hand.

The new Government of Cuba is to be inaugurated on May 20. President-elect Palma will be inducted into office, and the withdrawal of American troops will begin.

There is a measure before the French Parliament to cut a ship canal across Southwestern France from Arcachon on the Atlantic to Narbonne on the Mediterranean. It will be 280 miles long and cost \$263,000,000.

IN OUR OWN COUNTRY.

Congress has voted a pension to Mrs. McKinley of \$5,000 a year.

Rev. T. De Witt Talmage died at 8 o'clock Saturday night at his home in Washington, D. C.

The Massachusetts Legislature has licensed cats, so the cats have become the social equal of the dogs.

Members of organized labor in Hartford, Conn., last week elected Ignatius A. Sullivan, a clothing clerk, mayor of the city.

A steel combine with a capital of \$200,000,000 with Henry C. Frick, of Homestead fame, at the head was formed this week.

The sunken lands in S. E. Missouri and N. E. Arkansas, caused by the earthquake of 1811, are supposed to be underlaid with oil.

In the month of March there were 94,418 pieces of misdirected mail left in the Cincinnati Post office and the letter boxes of the city.

There are \$2,253,969,259 in circulation among 78,663,000 population in the United States, or \$28.65 for each man, woman and child.

There is a deadly famine in the drouth stricken regions of Southern Texas. Many persons have starved to death. Stock has nearly all perished.

It is estimated that there are in the United States 56,896 tramps, a gain in 30 years of 235.4 per cent—three and four-fifths times that of the population. These men cost the country at least \$11,000 a year, and produce nothing.

COMMONWEALTH OF KENTUCKY.

Dr. B. D. Cox was assassinated on the streets of Jackson, Breathitt county, between 8 and 9 o'clock Monday night. No clue found, and no motive known.

The post-office at Irvine, Estill county, was broken into last Wednesday night. The iron safe was blown open, and a large quantity of stamps and money were stolen.

Judge Settle, of Bowling Green, was called from church last Sunday to hear the verdict convicting J. L. Rone of manslaughter for killing C. V. Savery. Rone gets 21 years in prison.

ARE WE A CHRISTIAN NATION?

The rumor that Scions of Royalty have and will be invited to attend the opening of the new Chamber of Commerce in New York, in the near future, revives the memory of functions all over the United States on the occasion of the recent visit of Prince Henry, of Germany, and the christening of the German Emperor's yacht *Meteor* by Miss Alice, Roosevelt, daughter of President Roosevelt, of the United States, and also raises in the mind of the writer the question: "ARE WE A CHRISTIAN NATION?"

The question is too important to be answered lightly, so we will present a few facts for consideration, and leave our readers to decide for themselves.

Fact 1. To christen means to make a Christian. The baptism of an infant or an adult among churches believing in baptismal regeneration came to be known as a "christening," or making a Christian of and giving a name to the candidate by baptism.

Fact 2. The naval nations of pagan antiquity consecrated their ships to particular deities, and the naming of the vessel was accompanied by a sacrifice and libation of blood, and often that of human beings was used for the purpose. Now red wine is used as a consecration to the religion of peace.—Read 2 Corinthians 6: 16, 17.

Fact 3. The formal entertainment of the German Prince cost the twenty cities where he halted in his "rapid transit" inspection of our great country, \$454,786. This money was spent in lavish decoration and sumptuous feasting and expended upon persons who have never known how to appreciate fullness because of fasting.—Read Luke 14: 12-14.

Fact 4. During the whole itinerary of the Royal Guest he was not introduced to any of our religious enterprises in operation for the salvation of the world, neither was he the guest of any of our grand educational institutions. (It is said that a university appended three initial letters, L. L. D., to his name, now altogether too long for use, to do him honor.) So far as the public has learned MAMMON and not CHRIST was host, and right royally did he acquit himself. If any move was made by the officaries of any one of the great ecclesiastical bodies of our Christian Nation to show Prince Henry, of Germany, what the Christian Church, the foundation and bulwark of his country, and of our own, is doing for the advancement of the world, the newspapers, which can never be accused of reticence, have been and are profoundly silent about it. Are we Christian or commercial? D.

BEREA COLLEGE GLEE CLUB.

Certainly Berea College can congratulate herself on her Glee Club, and most certainly Prof. Wm. Lodwick deserves much commendation for the thorough and careful work he has done in training the Club to the standard shown at the concert Tuesday night in the Tabernacle. We do not hesitate to say that such a performance as we were favored with Tuesday night given by a Glee Club from some city at a distance would call forth large patronage and almost extravagant praise. The proverb that a prophet has no honor in his own country is generally true, but in the case of the Berea Glee Club an exception appears, if the hearty applause and after-expressions of the audience on Tuesday night can be taken as a criterion. The concert was good. It would be difficult to determine which number of the excellent program presented secured the most favor, but "One Sweetly Solemn Thought," by Johnson, rendered by the twelve male voices of the Club, was especially enjoyed by everyone. The applause accorded this song was subdued, but genuine; and its effect on the audience was truly good. "Comrades in Arms," Adams, by a chorus of some thirty male voices, stirred all hearts; and "Dried Apple Pie" will most likely have some effect on the sale of dried apples, or at least call for careful inspection of the fruit by the prudent housekeeper. The instrumental part of the performance was much appreciated. Last, but not least: A glee club and chorus of some forty well-trained members, and all of them of high type of Christian character, under the direction of a thoroughly competent Christian gentleman, is not often met with in even Christian America, but that is what Berea College Glee Club is with its director Rev. Wm. Lodwick and its business manager Professor A. S. Hill.

We hope for at least two more concerts by the Berea College Glee Club before vacation.
